All services to be provided after 7:00 p.m. must be booked by fax before 3:00 p.m. on the same day. If the booking terms will be mismatched for longer than 15 minutes, the service will be cancelled and 1 hour will be charged.

GENERAL CONDITIONS

The following conditions are valid for the supply of logistic services managed by EXPOTRANS SpA in Fiera Milano (Rho-Pero) and Milanocity venues.

- ✓ Above rates do not include Italian VAT that will be charged where applicable.
- ✓ The storage service can be provided only for exhibits and it is strictly related to the build up and break down periods. Long-term warehousing can be provided only upon specific agreement.
- ✓ If for our convenience a higher capacity forklift/crane is used to perform a service instead of the necessary one the tariff applied will remain unvaried as by original request.
- ✓ For temporary import Customs formalities a cash deposit or a bank guarantee equal to the amount of duties to be paid to the Italian customs must be provided by the exhibitor.
- ✓ The empty storage service is intended for empty packing materials only. Expotrans will not be responsible for the damage or loss of any material and/or goods left inside.
- ✓ Full payment of all services provided must be done before the closing of the show.
- ✓ In case of cancellation of a pre-booked forklift service with a prealert of less than 4 hours, 1 hour service we'll be charged. The above tariffs apply only during official set up and dismantle dates; for any service requested outside these official periods a minimum of two hours will be charged.
- ✓ The Tariffs related to warehouse handling (point 7) will be calculated on the maximum volume/weight ratio: 1cbm= 333 Kilos. Rates for goods to be stored with a higher weight ratio must be agreed in advance. If the weight ratio is lower, the tariff applied will remain as shown in point 7.

Further services not included in the present Handling and Logistic Tariff will have to be agreed in advance.
